Languages: English, Kiswahili

PROFILE

As a dedicated undergraduate pursuing a BSc in Business Information Technology (BBIT) at Dedan Kimathi University of Technology, Nyeri Main Campus, I bring robust analytical skills and a comprehensive background in programming. I have demonstrated a consistent ability to engage in tech projects and collaborate effectively on various initiatives. I am seeking a role that allows me to leverage my management and program development experience, and I am enthusiastic about applying my academic knowledge and practical experiences to create innovative IT solutions.

EDUCATION

1.Dedan Kimathi University of Technology, Nyeri Main Campus from October 2021 to August 2024
Expected Graduation: December 2024
2. Secondary School: New light Senior Boys School, Nairobi 2017 to 2021
3. Primary School: Kamuthatha Primary School, Embu from 2008 to 2016

EXPERTISE

• Web Development: Proficient in using programming languages   like JavaScript, HTML, and CSS to create and maintain websites.

• Database Management: Skilled in managing databases with a strong understanding of SQL and other database systems.

• Problem-Solving: Experienced in troubleshooting hardware and network issues, as well as identifying and fixing bugs in software and systems.

• Project Management: Competent in planning, executing, and overseeing IT projects, ensuring timely and budget-conscious completion, as demonstrated through coursework in Project Management.

• Critical Thinking: Adept at analyzing complex issues and developing well-reasoned solutions.

• Leadership: Proven leadership abilities through guiding team projects and collaborative efforts.

• Financial Analysis: Skilled in analyzing financial statements to inform decision-making processes.

• Creativity: Capable of developing innovative solutions and thinking outside the box to tackle challenges.

ACHIEVEMENTS

• I Successfully developed a website for Carwash Management System that solves organizational problems as part of my final year project

• Earning an IT certification from Cisco's CCNA validate my skills in configuring Cisco networks.

• Managed voter registration, identification and verification processes at the polling station
